***WEIL & ASSOCIATES REPRESENTS AMIGO ENERGY IN 4-YEAR, \$7.5M
SOCCER JERSEY DEAL WITH HOUSTON DYNAMO***

San Antonio, Texas (August 15, 2007) – San Antonio-based Weil & Associates represents Amigo Energy in negotiations with the Houston Dynamo, resulting in a four-year, \$7.5 million MLS jersey deal.

The negotiations not only grant Amigo Energy the rights to place its logo on the front of the Dynamo's jersey but also include rights to stadium signage, hospitality, title sponsorship of pre-game soccer festivals and title sponsorship of the October 7 game against the LA Galaxy.

"This was an incredible opportunity for both Amigo Energy and the Houston Dynamo," said Larry Weil, president. "Since jersey sponsorship is relatively new, we did not have much historical data to work with. Ultimately, we considered a mix of existing properties and benefits in our valuation."

"Weil & Associates really came through for us," said Javier Vega, Amigo Energy's CEO. "We definitely were interested in doing the deal; however, we were new to sponsorships. Larry Weil was able to get us everything we hoped for and more. He was an invaluable asset and we are more than satisfied with the deal we finally agreed to. It's definitely a win-win for Amigo and the Dynamo."

Amigo Energy is the fifth jersey partner to sign with an MLS team in the last year. This is the third-largest jersey deal, behind Herbalife-LA Galaxy (\$4M-\$5M) and Comex Group-Chivas USA (\$2M).
